KMJ | CORBIN & COMPANY ANNOUNCES NEW AUDIT PARTNER HANY LOUIS

IRVINE, Calif. (June 27, 2007) – KMJ | Corbin & Company announced today that it has expanded its partner team by recruiting industry veteran Hany Louis to the position of audit partner. Louis' hire is the latest in a series of recent leadership additions designed to support the continued expansion of KMJ | Corbin & Company's audit and tax practices. The announcement follows shortly after the firm's decision to change its name from Corbin & Company to KMJ | Corbin & Company and continue to expand its existing services into the San Diego market. Louis will join the firm's existing partners, Kendall Merkley, Mike Faddoul, Jim Nagengast, Tony Price and David Reule.

"We are delighted to welcome Louis to our practice," said Kendall Merkley, the firm's managing partner since 1999. "His extensive expertise in all facets of accounting and auditing will undoubtedly enhance the quality of services provided to our clients."

In his new role as audit partner, Louis will direct day-to-day activities handled by KMJ's audit teams. He will also oversee staff and manage the growth and development of employees on both technical and personal levels via implementation of new programs in technical training and peer mentoring.

"The informal yet professional company culture of KMJ | Corbin & Company is a rare find in this industry," said Louis. "I was drawn to the unique warmth of the environment combined with the team's dedication to personal service and high-end technical knowledge, which truly set the firm apart from its competitors."

Louis enters KMJ with more than 12 years of accounting experience. Prior to joining KMJ, Louis served as senior audit manager at Deloitte & Touche, LLP, and also gained previous experience while tenured at accounting firm, Arthur Andersen. With extensive experience in a wide variety of industries, including technology, software development, life sciences, manufacturing, gaming, hospitality and real estate, Louis' clients have included publicly-traded and privately-held companies, ranging in size from start-ups to multinational corporations with annual revenues in excess of \$1 billion. Louis' areas of expertise involve Securities & Exchange Commission 1933 and 1934 Act filings, initial public offerings, secondary offerings and periodic reporting requirements. His business consulting experience includes acquisition
